EXTRAORDINARY is the word that comes to mind when viewing this home for the first time! Set on a high point of the 8-acre parcel, and commanding territorial views of Mt. Shasta to the north and Lassen Peak to the east, this amazing contemporary farmhouse has recently been refinished inside and out. A wrap-around porch and breezeway provide shade and easy access to the outdoors. Inside you will feel that you have walked into the pages of Architectural Digest. The two-story 5 bedroom, 4 bath home features 4 bedrooms and 3 baths up and another bedroom and bath down, light and bright rooms with amazing views, sophisticated finishes and colors, custom built-ins, and premium appliances and amenities. A salt-water in-ground pool, 2-car garage, gated entry, and fenced and cross-fenced parcel complete the picture. All this and still convenient to the schools, shopping and recreational opportunities that Palo Cedro is known for.
