BONANZA KING RESORT is situated on eight beautiful acres along Coffee Creek, a lovely stream fed by snow from the Trinity Alps. It is an area so full of natural beauty and wildlife that it has been designated a Wilderness Area by the U.S. Government.

We offer seven fully furnished cabins among the trees and meadows. Each cabin has comfortable beds and kitchens that are fully stocked with pots, pans and utensils. Our cabins also have barbecues and outdoor picnic areas. With over 1,200 feet of frontage along Coffee Creek, there is something for everyone - from the avid fishermen, to anyone looking for a dip in a cool refreshing creek.

We offer a game area with Alpine golf, basketball, ping-pong, and a horseshoe pit. There is a large campfire area for late night get togethers, or stargazing.

For the adventurous hiker, there are many beautiful trails, strewn with wild flowers and extraordinary sites. There is also great fishing, water skiing, river-rafting, and jet skiing in Coffee Creek, Trinity River and Trinity Lake. With lots of beautiful trails to follow, Bonanza King Resort is also a great location for those who love fly-fishing.

So if you're looking for your next complete vacation spot, Bonanza King Resort is the prime choice for all of your vacation needs.

Bonanza King is a smoke free resort.
