BONANZA KING REVIEWS

Right on Coffee Creek and near the North Fork of the Trinity River, these resort cabins feature a smoke free environment nestled among cooling trees, featuring horse shoes, hammock, ping pong, and cooling swimming in the Creek.

Wine Tasting is available at near by Alpine Cellars where you can sit beneath a pear tree sipping the local wines that are quite good and have a picnic.

This whole area was a significant part of the California Gold rush with tailings that still line the north shore of the Claire Engle (Trinity Lake).

Summer reservations are by the week and oddly, the week always goes by too fast. The family has been coming back year after year. We generally rent from one to three cabins.

For most, this is a remote destination where due to light pressure; the fishing is still excellent for small rainbows, and brown trout. Larger fish can be found in the Trinity Lake. River temperature is about 60F in the summer, while the lake is much warmer. Cabins are fully equipped, which means less fuss and muss.

This is a good spot from which to investigate the Pacific Crest Trail and the many lakes that surround.

“Best dry flies for the rivers and creeks are a size 16 Royal Coachman, 16 Adams, and size 14 caddis dry, best wet fly is a size 14 brassie. Use of very light gear is absolute. Dry fly lines number 2 or smaller. Average cast required 20 feet maximum.

Buy supplies at Coffee Creek Store.”

“This is a very cool place that Brian and Marry (Owners) have put their heart and soul into over the past decade and the renovation results are fantastic. We were stranded in the nearby town of Weaverville, where there was no vacancy due to the harsh wildfires in August. All hotels were booked, but Brian made our day by accommodating us and even discounting the cabin for the night. They are wonderful kind people who go above and beyond for their guests, you can't go wrong staying here whether it's for a night, a weekend, or a month!!!”

“I had my wedding at Bonanza King Resort on June 13th, and my husband and I couldn't have asked for a better venue. The resort is available for a great price, and you and your guests get to stay in the cabins the entire weekend. The scenery is absolutely beautiful. The ceremony took place creek side with thick forest all around. The reception site has a dance floor, lighting, bbq pit, bonfire pit, and plenty of room for guests. Brian and Mary (the owners) are very accommodating and make great hosts. Go to bonanzakingresort.com and check it out. I highly recommend this site for a wedding venue, summer vacation, or weekend getaway.”
